Norfolk's First CNM Clinic And Birthing Center To Open In Early 2007

Construction is underway for Gentle Beginnings Birth Center, the first free-standing certified nurse midwife (CNM) clinic and birth center in Nebraska. Beckenhauer Construction is pleased to have been chosen as the design/builder for this new facility, which has been a long-time dream of owner Gail Consoli, CNM. Gail, who has been great to work with, has already delivered 85 babies in the first six months of this year. A place of her own will be a wonderful way for her to take care of her long list of patients. The new center will also be a beautiful addition to Norfolk.
